## Organizational Summary:

Conservation Legacy is a nationwide non-profit. The Corps programs within the organization engage participants in diverse conservation and community projects that serve public and private lands. These projects provide opportunities for personal and professional development and strive toward a high priority of needs for public land managers and community partners. Through the mission of engaging future leaders who protect, restore and enhance our nation's lands through community-based service; Conservation Legacy works toward a world with healthy lands, air and water; thriving people and resilient communities.

## Program Summary:

Ancestral Lands Conservation Corps vision is to lead our Nations back to ecological and cultural well-being by engaging underrepresented Indigenous youth and young adults in conservation service programs that reconnect participants to the land while preparing them for careers in cultural and ecological protection. We work to remove barriers to participation, education, and employment by partnering with Tribes, local community organizations, agencies, and institutes of higher learning to create paid service and career training opportunities, personal and professional development, and pathways to postsecondary education and employment.

## Position Summary:

The **ALCC Training and Logistics Manager** supports program-wide field operations efforts with a focus on logistics, training, and risk management practices. The **ALCC Training and Logistics Manager's** primary focus is to ensure programs are equipped to execute high quality and safe project work, that participants and staff have access to trainings to provide them the necessary skills to be successful on a variety of projects, and to manage systems that support the overall operations of ALCC. This position will actively consult with other ALCC director-level staff on resources, program structure, and growth needs for existing and new programming.
